January 16, 1992

Mr. Roy Benson  
Geneva Steel  
P. O. Box 2500  
Provo, Utah 84603

Dear Mr. Benson:

Re: Permit Transfer, Geneva Steel/CF&I Steel Corporation, Comstock Mine,  
M/021/005, Iron County, Utah

The Division has received your January 9, 1992 letter and new permit transfer form which is required to complete the formal transfer of the Comstock Mine permit from CF&I Steel Corporation to Geneva Steel. The permit transfer form now has the appropriate notarized signatures of both the Transferor (CF&I Steel) and Transferee (Geneva Steel).

Your letter indicates that the previously requested disturbed area map will not be available until Geneva Steel submits the new consolidated permit application which will include all of its Iron Mountain mine properties. A detailed legal description (Appendix A) of the transferred acreage must also be provided to enable the Division to complete the permit transfer process.

Until this remaining information is submitted, the Division cannot complete the permit transfer process for the Comstock Mine from CF&I Steel to Geneva. We will suspend completing this permitting action until the required information is provided. Thank you for your cooperation in this matter. Please call me should you have any questions in this regard.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor
